# TENNESSEE GENERAL ASSEMBLY FISCAL REVIEW COMMITTEE

## FISCAL MEMORANDUM

## SB 2131 - HB 2248

March 13, 2014

**SUMMARY OF ORIGINAL BILL:** Prohibits local education agencies (LEAs) from providing information on the Patient Protection and Affordable Care Act to families of students.

FISCAL IMPACT OF ORIGINAL BILL:

#### **NOT SIGNIFICANT**

**SUMMARY OF AMENDMENT (014260):** Adds language to the original bill requiring a referendum to be held by voters who elect the school board members in each local education agency (LEA) before any curriculum standards developed by any group, entity, consortium, or corporation shall be adopted for use by any LEA.

#### FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

**Increase Local Expenditures – Exceeds \$100,000\*** 

Assumptions for the bill as amended:

- No change in state curriculum standards.
- Referendums will be held in each LEA before the beginning of any academic year in which new curriculum standards that are developed by any group, entity, consortium, or corporation are adopted for use.
- The cost for each referendum will vary by LEA and will be dependent upon multiple unknown factors, such as the size of the LEA in which the referendum is held. Given the unknown factors, a precise estimate for statewide costs is difficult to determine. However, the recurring increase in local expenditures is reasonably estimated to exceed \$100,000 statewide.

<sup>\*</sup>Article II, Section 24 of the Tennessee Constitution provides that: no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.

## **CERTIFICATION:**

The information contained herein is true and correct to the best of my knowledge.

Lucian D. Geise, Executive Director
